

BMW 3

WE
PO

● GREAT EIGHT

The domed hood shrouds a 414-hp 4.0-liter V-8 that's lighter than the retired 3.2-liter six, thanks to a shorter crankshaft and a new aluminum cylinder block.

● FLY FENDERS

The plastic front fenders and side sills are decorated with butch extractor vents and tendon ripples.

● AERO ART

Dual-strut mirror mounts have that aerospace look and let wind rush through smoothly and silently.

Every enthusiast's favorite BMW,
